

AQUATIC WEED MANAGEMENT			
PRODUCT	U/M	DESCRIPTION	RATE
AquaSweep	2.5 gal	<u>Contains 34.2% 2,4-D and 15.2% triclopyr.</u> The first liquid premix with full terrestrial and aquatic uses, AquaSweep is the perfect base for any selective weed control program interspersed with aquatic and wetland areas.	See label
Aqua-T WSP 2.0	25 lb	Aqua-T pond bacteria uses a revolutionary combination of specific strains of bacteria and bacterial enzymes that reduce sludge, control foul odors, and digest the excess nutrients which may cause problematic algae growth.	6 WSP / Acre Foot then 1 WSP / Acre Foot every 2 weeks
Black Out Pond Dye	1 gal	Black Out concentrated liquid pond dye uses our proprietary formula to give your pond or lake a beautiful mirrored effect all year long.	1 GL / Acre at 4-6 ft of depth
Captain XTR	2.5 gal	<u>Contains 28.2% copper ethanolamine complex.</u> Captain XTR is optimized to increase the penetration of copper into algae cells. Impactful when targeting tough to control mat-forming, colonial, and mucilaginous species.	0.6 - 3.0 gal / Acre foot
Clearcast	1 qt	<u>Contains 12.1% ammonium salt of imazamox.</u> The industry standard for cattail control. Excellent choice for selective control of invasive weeds such as watershield, water hyacinth and broad-spectrum control of a variety of pondweeds.	16 - 128 oz / Acre
Crystal Plex (Algae X) Algaecide	50 lb	<u>Contains 19.8% copper sulfate pentahydrate.</u> A liquid copper sulfate solution designed to kill and control algae and some aquatic plants including Hydrilla.	1.2 - 2.2 gl / Acre Foot
Harpoon Granular Aquatic Herbicide	40 lb	<u>Contains 3.41% chelated copper.</u> Harpoon Granular is a chelated copper herbicide that effectively controls copper sensitive aquatic plants. Harpoon Granular may be applied to slow moving or quiescent bodies of water.	40 - 240 lbs /Acre
Komeen Herbicide	1 gal	<u>Contains 29% copper ethanolamine complex.</u> Komeen Aquatic Herbicide is ideal for quick, targeted control of nuisance submersed and floating aquatic weeds.	1.7 - 33 gal / Acre
Muck Doctor	10 X 1 SPIKE	Specifically formulated to reduce muck and sludge around beach areas and docks. Muck Doctor contains concentrated, yet safe bacteria that gets rid of pond muck, dead leaves, odors and other organic material.	1 Box / 250 sq ft
Natural Pond Cleaner	1 gal	Consists of safe and natural bacteria that helps maintain pond muck levels, dead leaves, odors and other organic material. Helps neutralize nitrates and phosphates.	1 GL / Acre at 4-6 ft of depth
Phoslock	55 lb	Phoslock is a patented phosphorus locking technology to restore water quality in ponds, lakes and reservoirs. Permanently bind free reactive phosphorus (FRP) over a wide range of water chemistries.	20 - 80 ppm
Renovate OTF	10 lb	<u>Contains 14% triclopyr.</u> A dust-free, odorless, easy-to-apply granule. Remove unwanted weeds along shorelines, dock, and swimming areas for one year or longer by spreading the granules over the weed infested areas.	14 - 270 lbs / Acre
Seclear Algaecide	2.5 gal	<u>Contains 16.2% copper ethanolamine complex.</u> Seclear is the first aquatic algaecide and water quality enhancer in one designed to replace routine algaecide treatments.	1 - 6.5 gl / Acre foot
SonarOne Herbicide	20 lb	<u>Contains 5% fluridone.</u> Effective herbicide in a slow release pellet for the management of aquatic vegetation in fresh water ponds, lakes, reservoirs, potable water sources, etc.	2.5 - 49 lb / Acre foot
Toss N Treat Black Lake Colorant	6.8 oz	A highly concentrated Black Pond dye in easy to use water soluble packets.	1-4 wsp / Acre
Toss N Treat Blue Lake Colorant	27.2 oz	A highly concentrated Blue Pond dye in easy to use water soluble packets.	1-4 wsp / Acre
